EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 1-12.

Allowable Subject Matter

2. Claims 13-25 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claim 13 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "wherein at least a portion of the lip overlaps the main viewing mirror upon insertion of the auxiliary blindzone viewing mirror facilitating engagement with the upper surface of the main viewing mirror" as set forth in the claimed combination. Claims 14-17 are also allowable based upon their dependence on claim 13.

Claims 18-25 are allowable for the reasons provided in the previous office action.

The prior art of record, Boddy et al teaches an automotive outside rearview mirror assembly comprising a main viewing mirror having a planar surface including a cut-out region and an auxiliary blindzone viewing mirror adapted for insertion into the cut-out region for attachment thereto with the auxiliary blindzone mirror having a lip or edge. However, the prior art of record does not teach that at least a portion of the lip

overlaps the main viewing mirror upon insertion of the auxiliary blindzone viewing mirror facilitating engagement with the upper surface of the main viewing mirror and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
